Hab-it

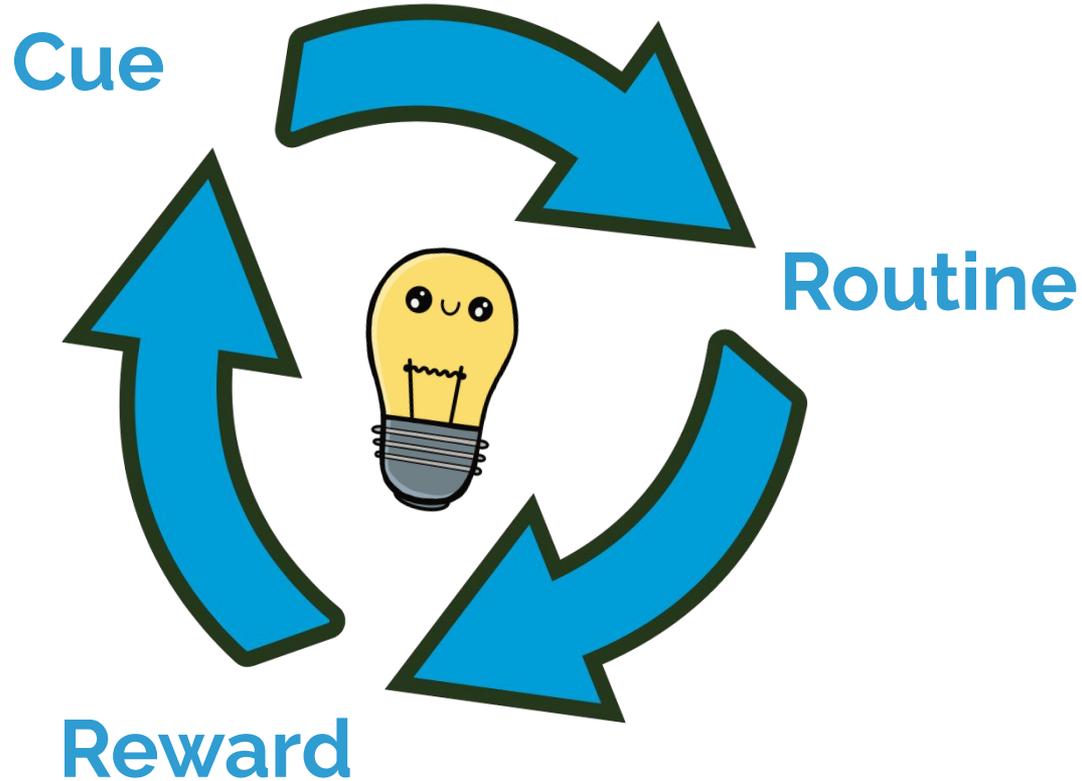

/ˈhæbət/:

A Habit is something that you do often and regularly, sometimes without knowing you are doing it.

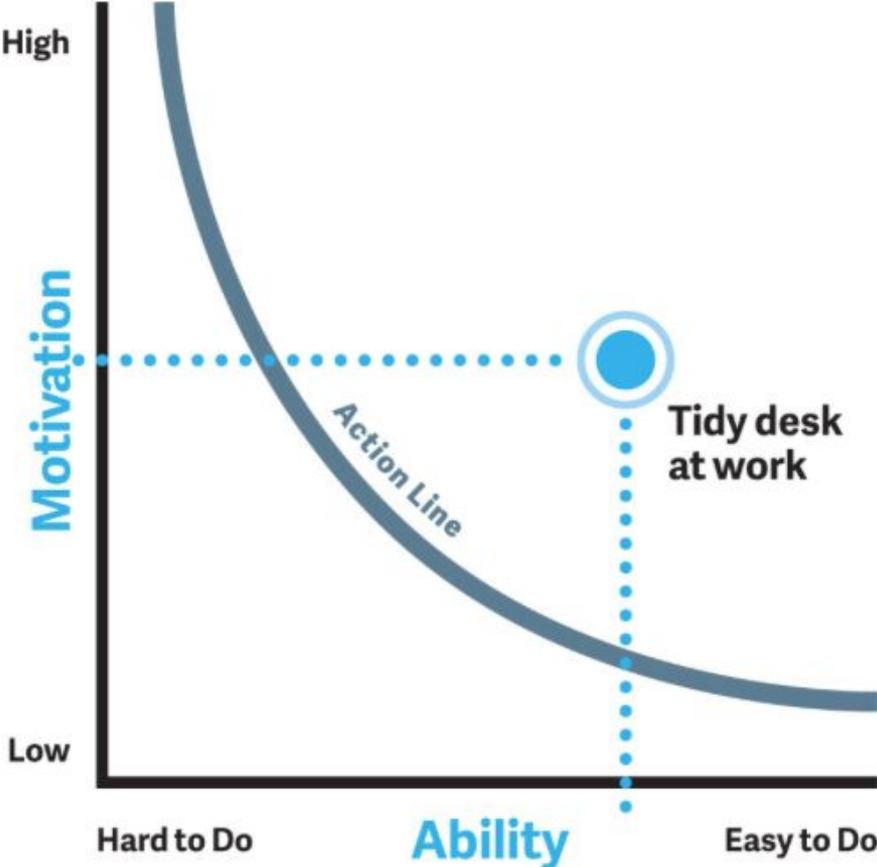

Hippocampus vs. Basal Ganglia

The Habit Loop

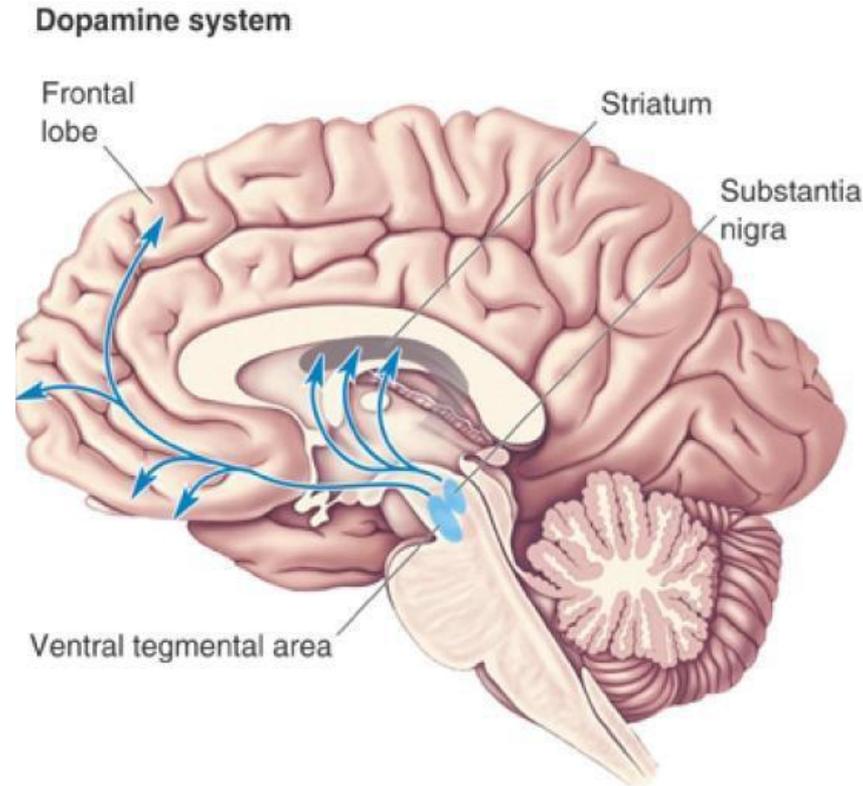

Fogg Behavior Model

ability + motivation + ? = routine

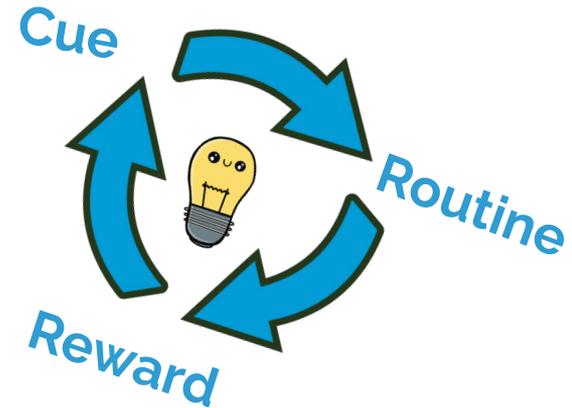

ability + motivation + cue = routine

How do we create desire to do it again?

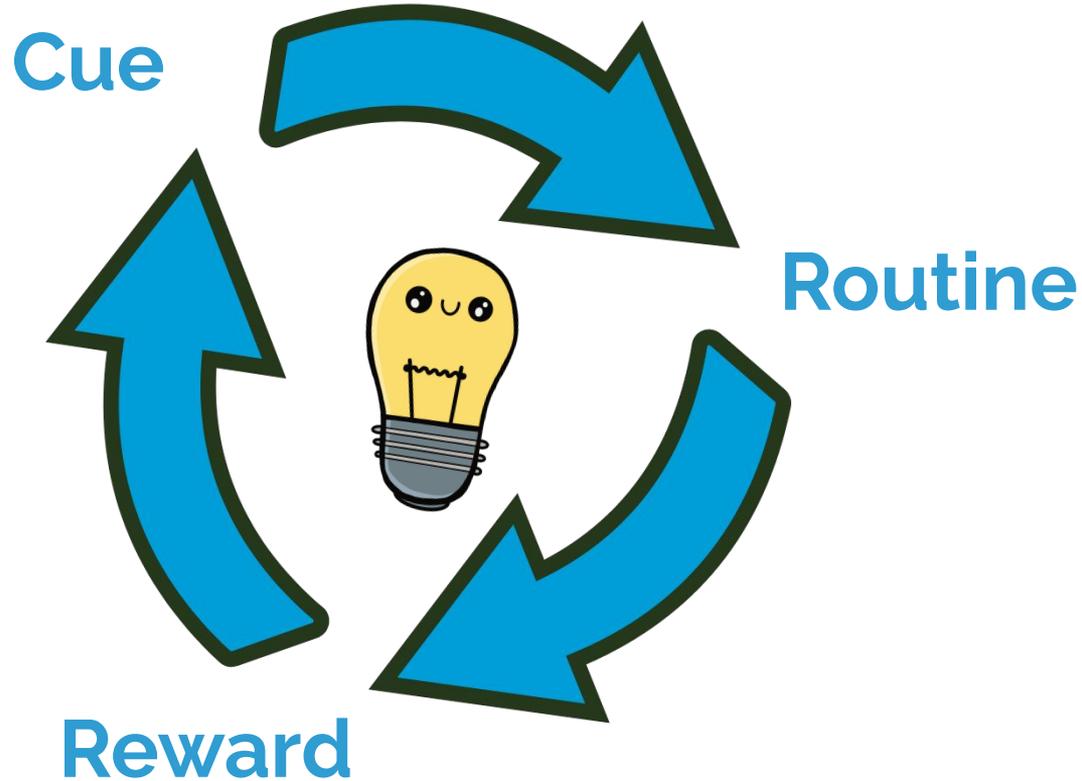

Three Laws of Behavior Change

- ✓ Make it **Obvious & Attractive**
- ✓ Make it **Easy**
- ✓ Make it **Satisfying**

Don't forget to close out your tasks!

Improvement work requires collaboration and teamwork. In order to keep things moving forward, closing out your tasks can show work has been accomplished or it can show everything it will not be moved forward.
